Chapter 1 – Low Check City

Tiny villages and farmhouses dotted the landscape as far as the eye could see.

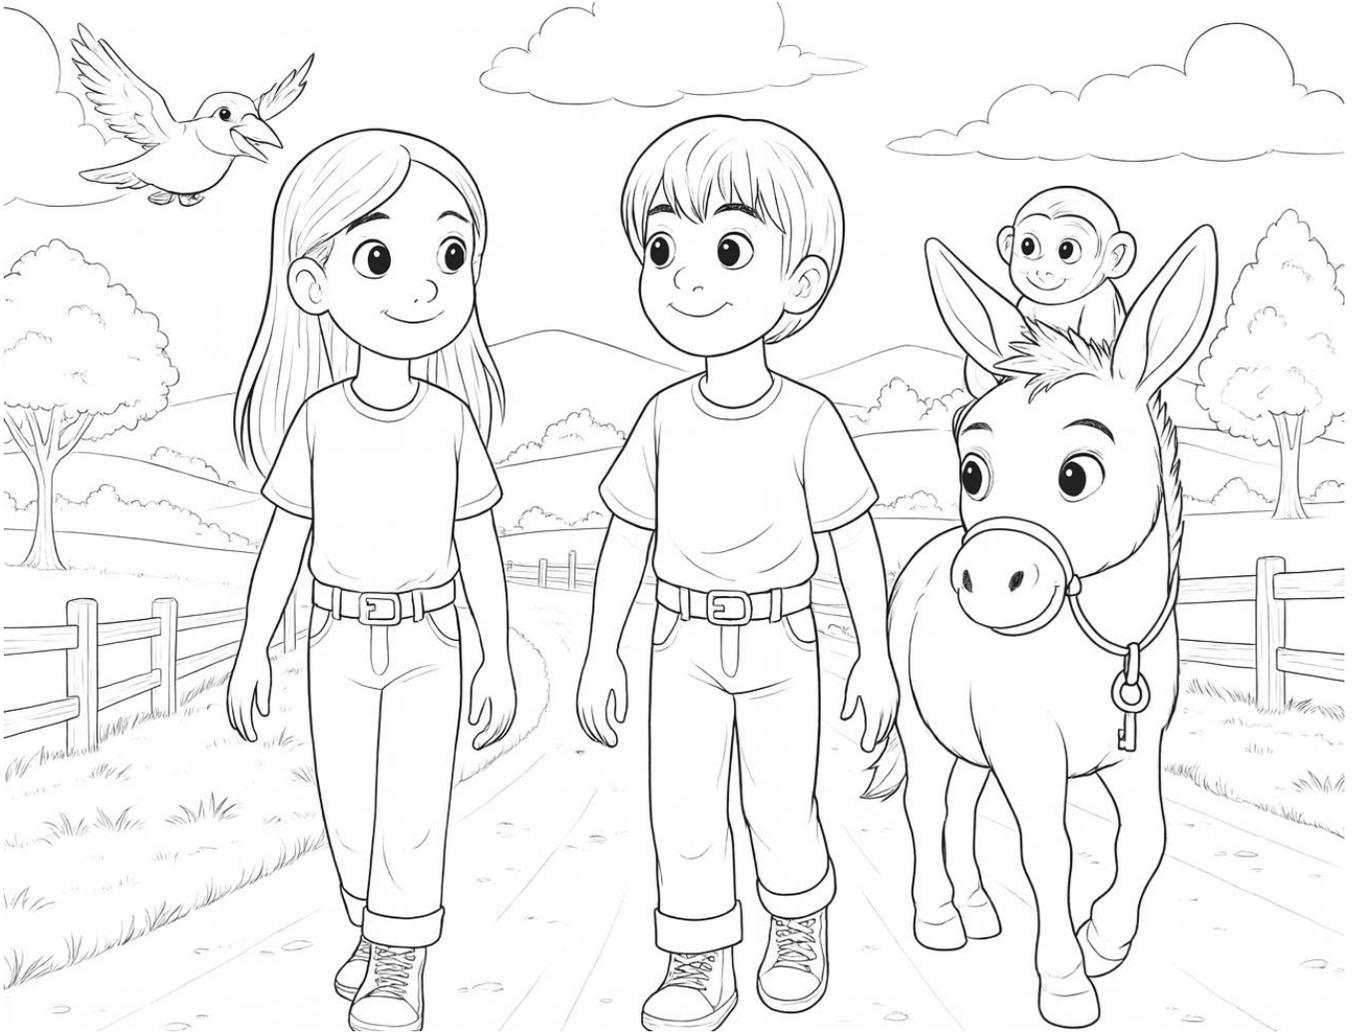

Rod nodded his head. "Yes, eggplant, dark knight pumpkins, elderberries, mission figs, and even dark opal basil.

The little man shook his head, "Please don't ask any questions like that."

## Chapter 1 – Low Check City

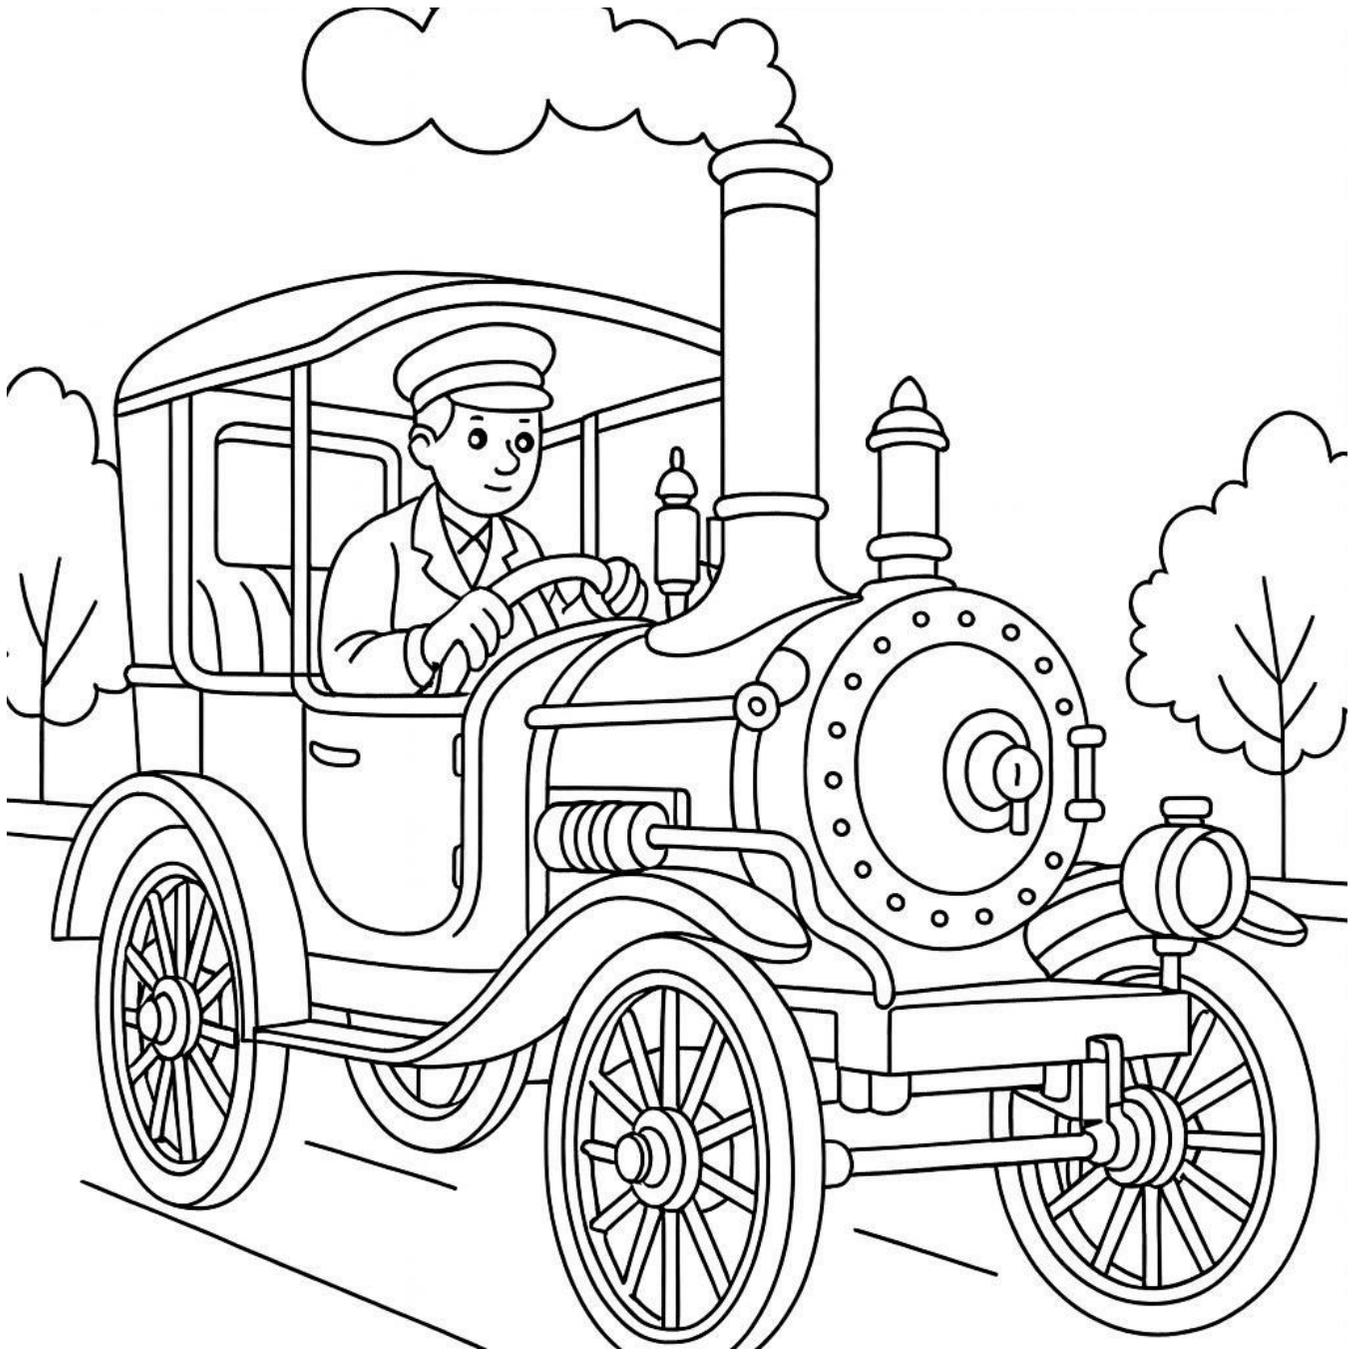

The road was mostly flat, but it did gradually go downward. It made for a very easy walk.

Chapter 1 – Low Check City

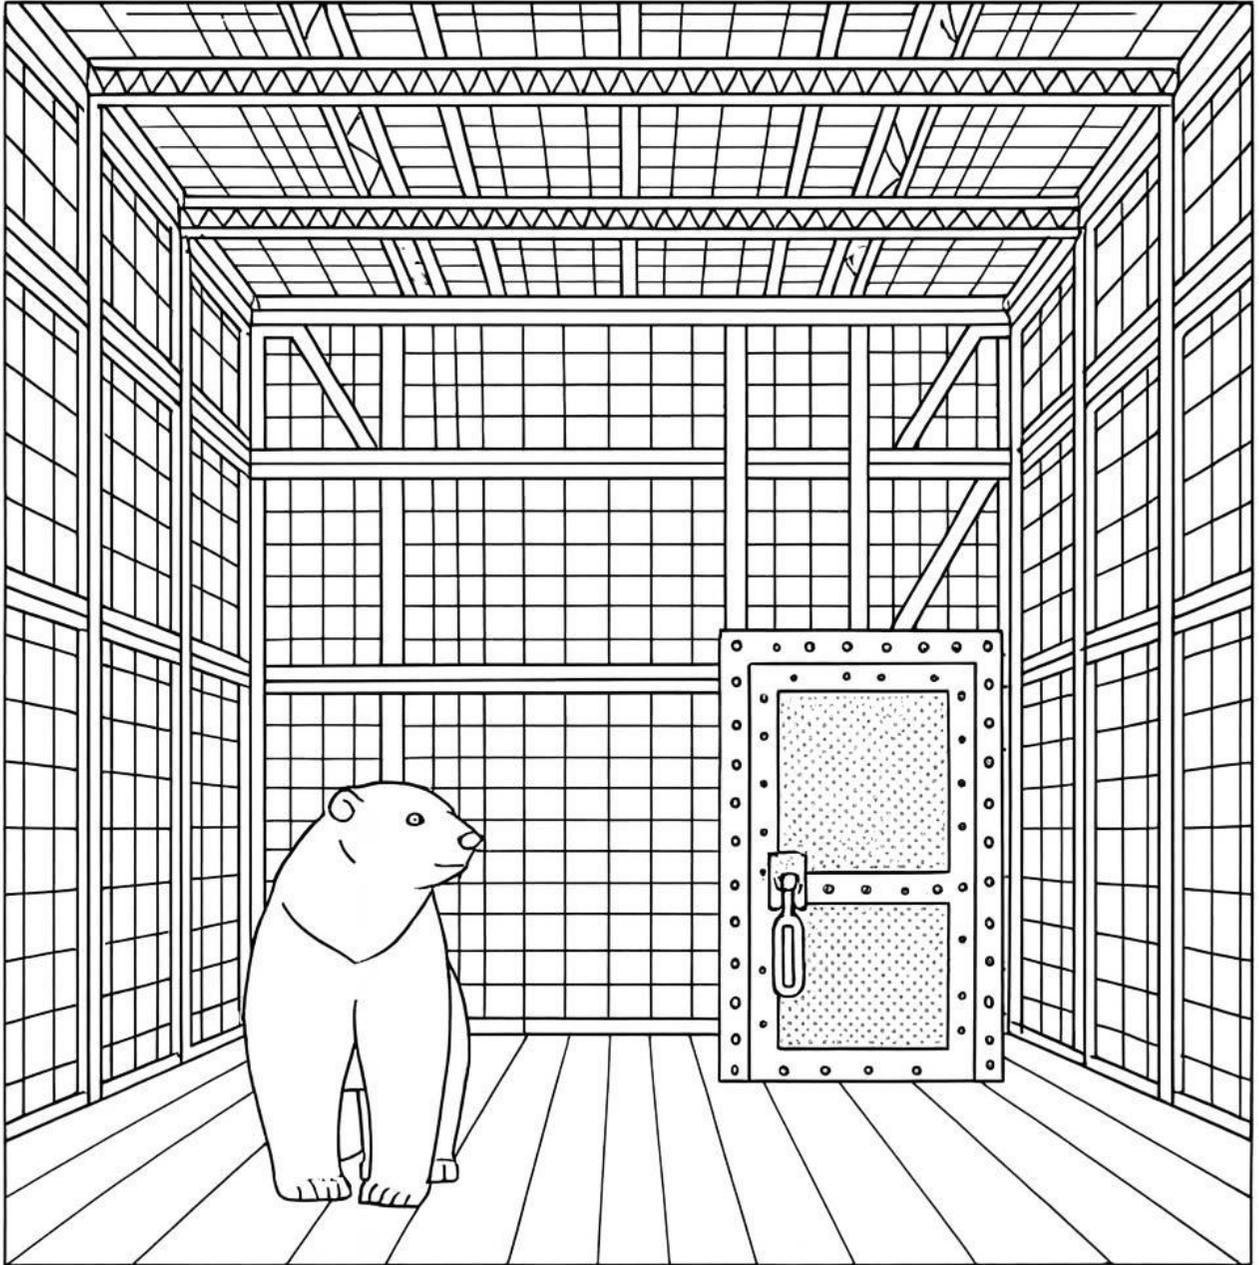

There was a large inlet with  
a small city next to it.

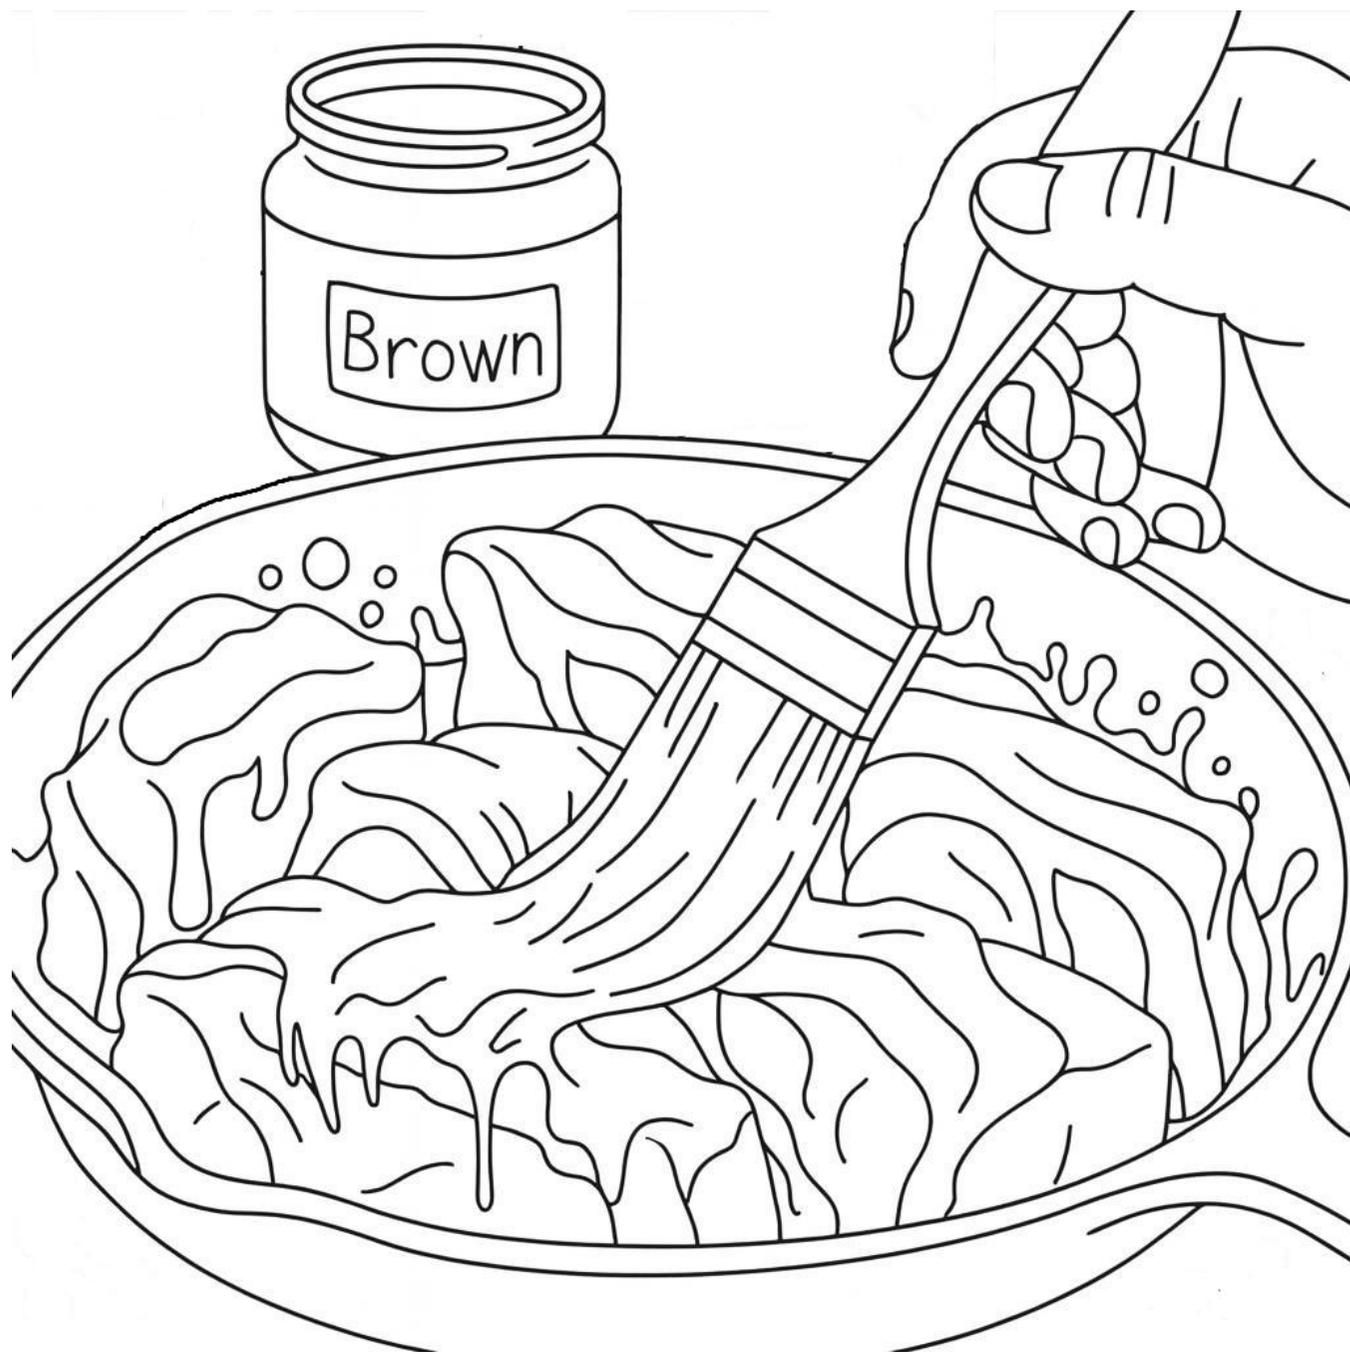

Inside the mail car was Lucas Light.  
"Get in quick!" he called.

## Chapter 2 - Ebony

There was a polar bear blinking at the light and looking around the room. It was Ebony.

## **BROWN DRAGON LIE**

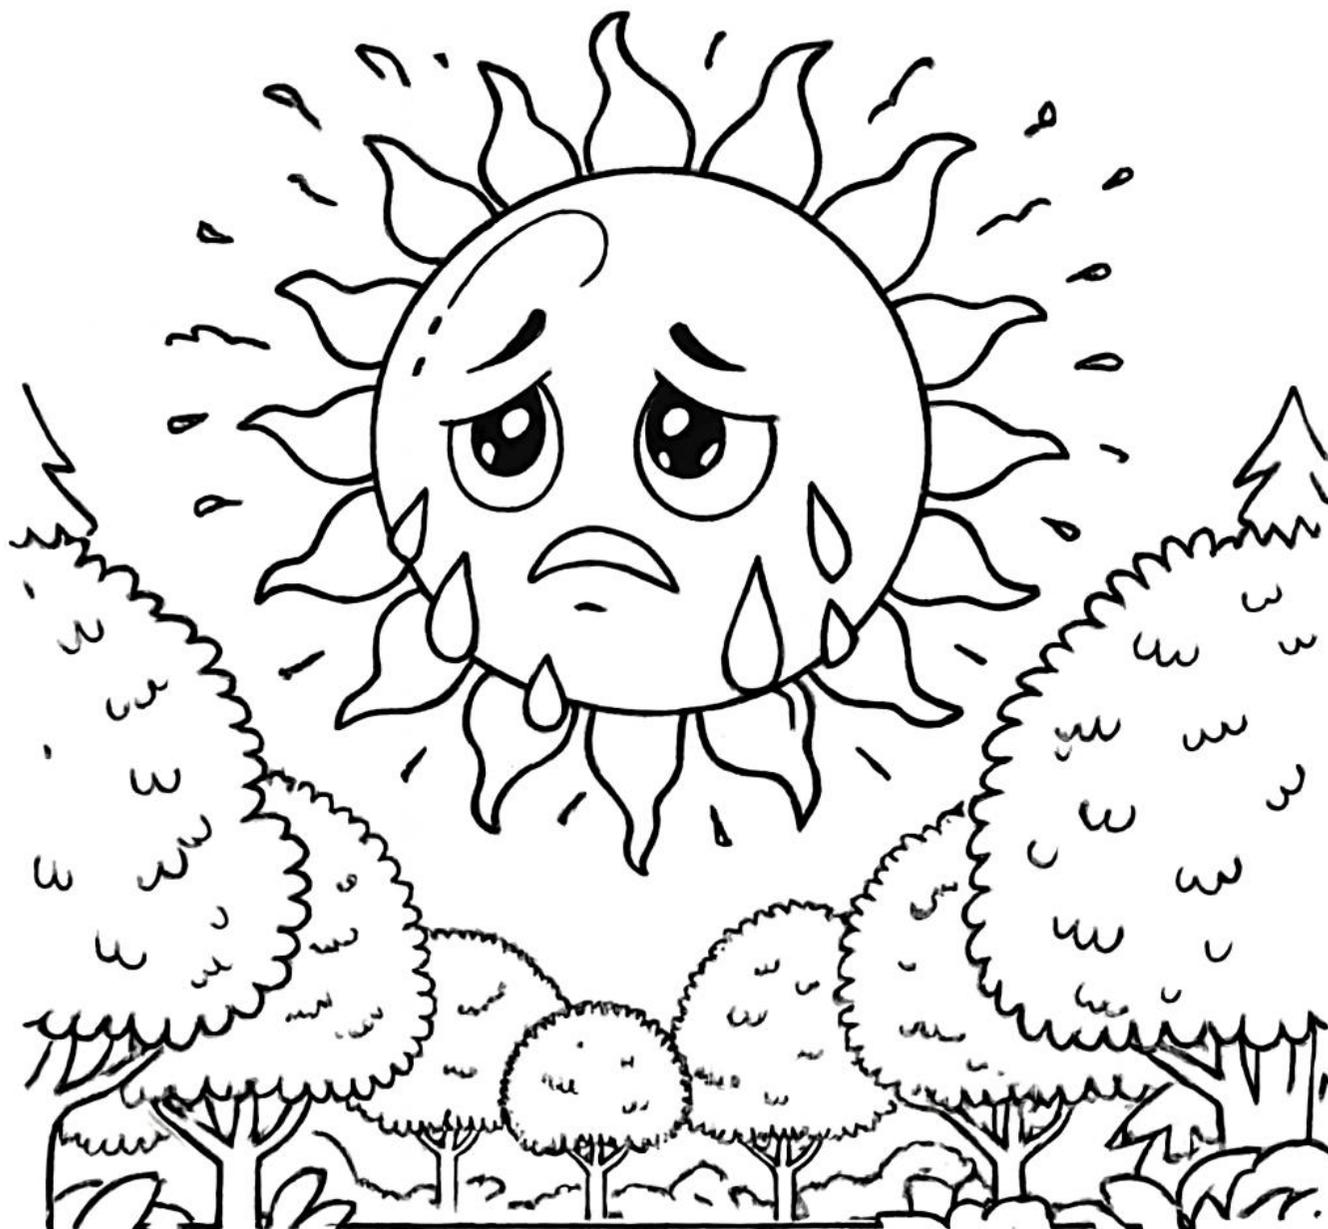

"Browning" meat is cooking it, not painting it.

## **BLUE DRAGON LIE**

Feeling "Blue" does not change the facts.

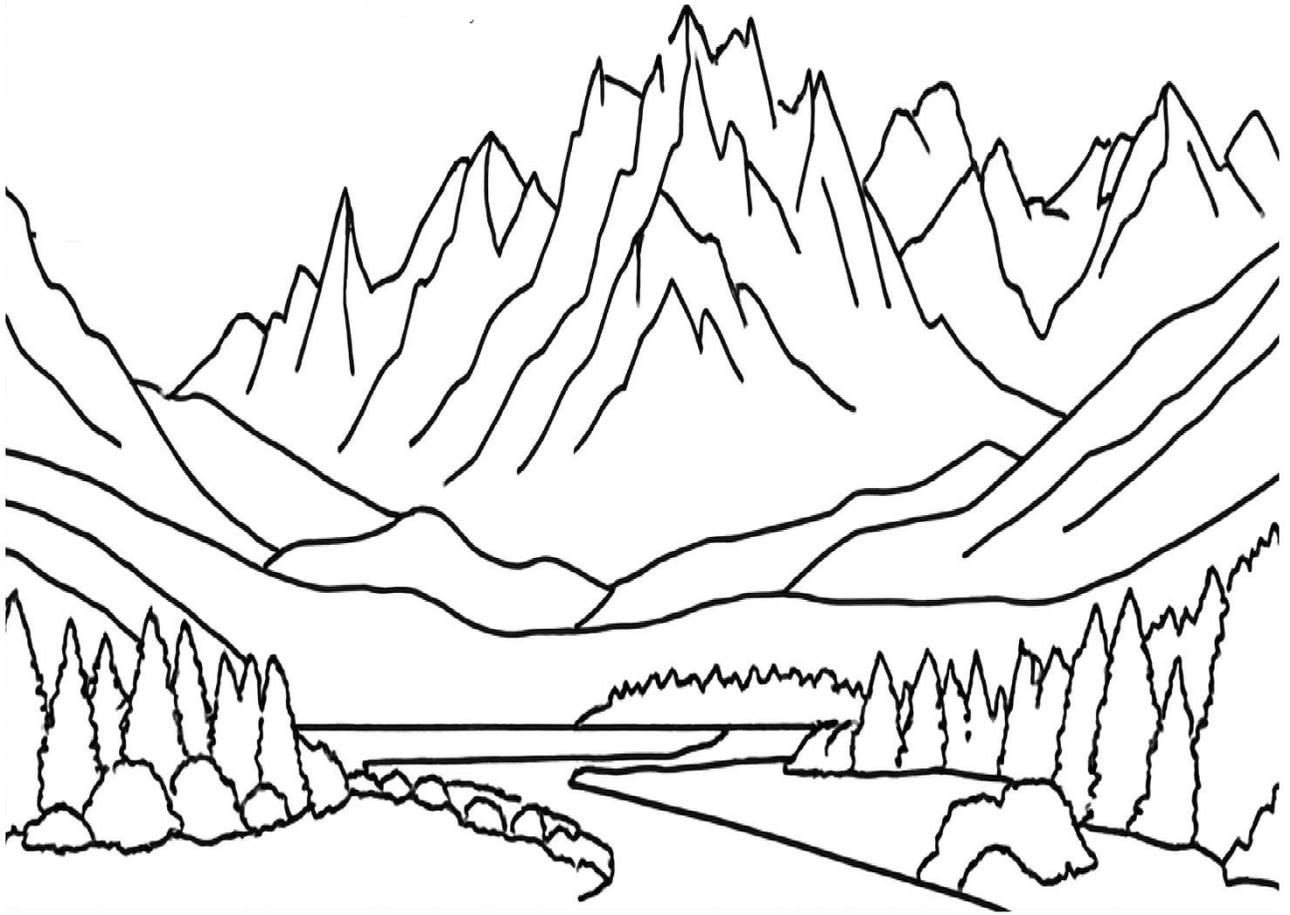

## GREEN DRAGON LIE

Green trees do not cause the weather to turn warm.

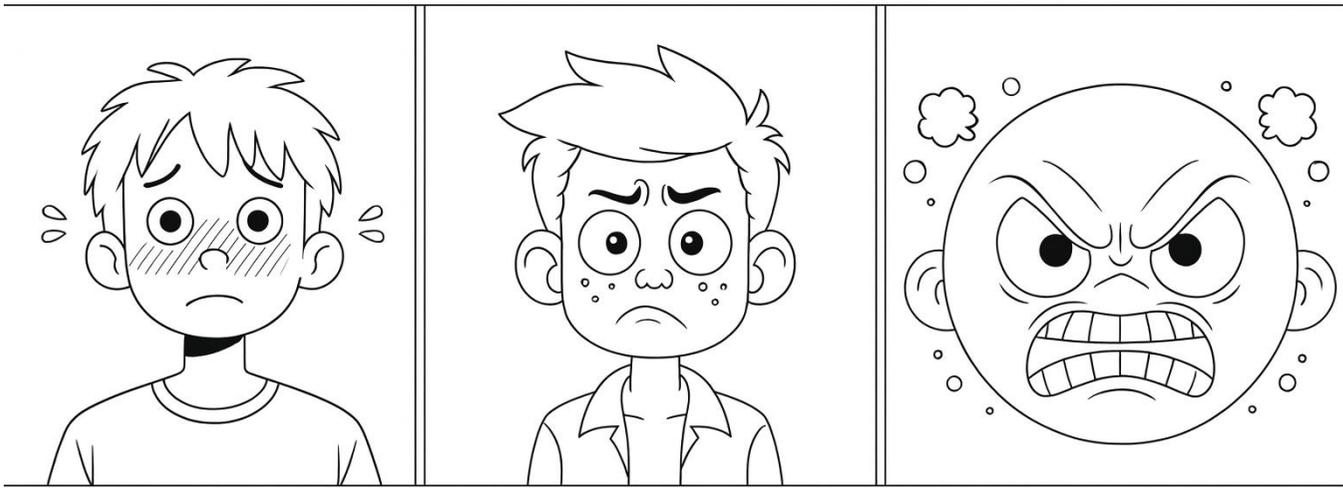

# PURPLE DRAGON LIE

## Purple Mountains Majesty

Purple mountains have another side.

## Red Dragon Lie

Embarrassed, Sunburned or Angry?

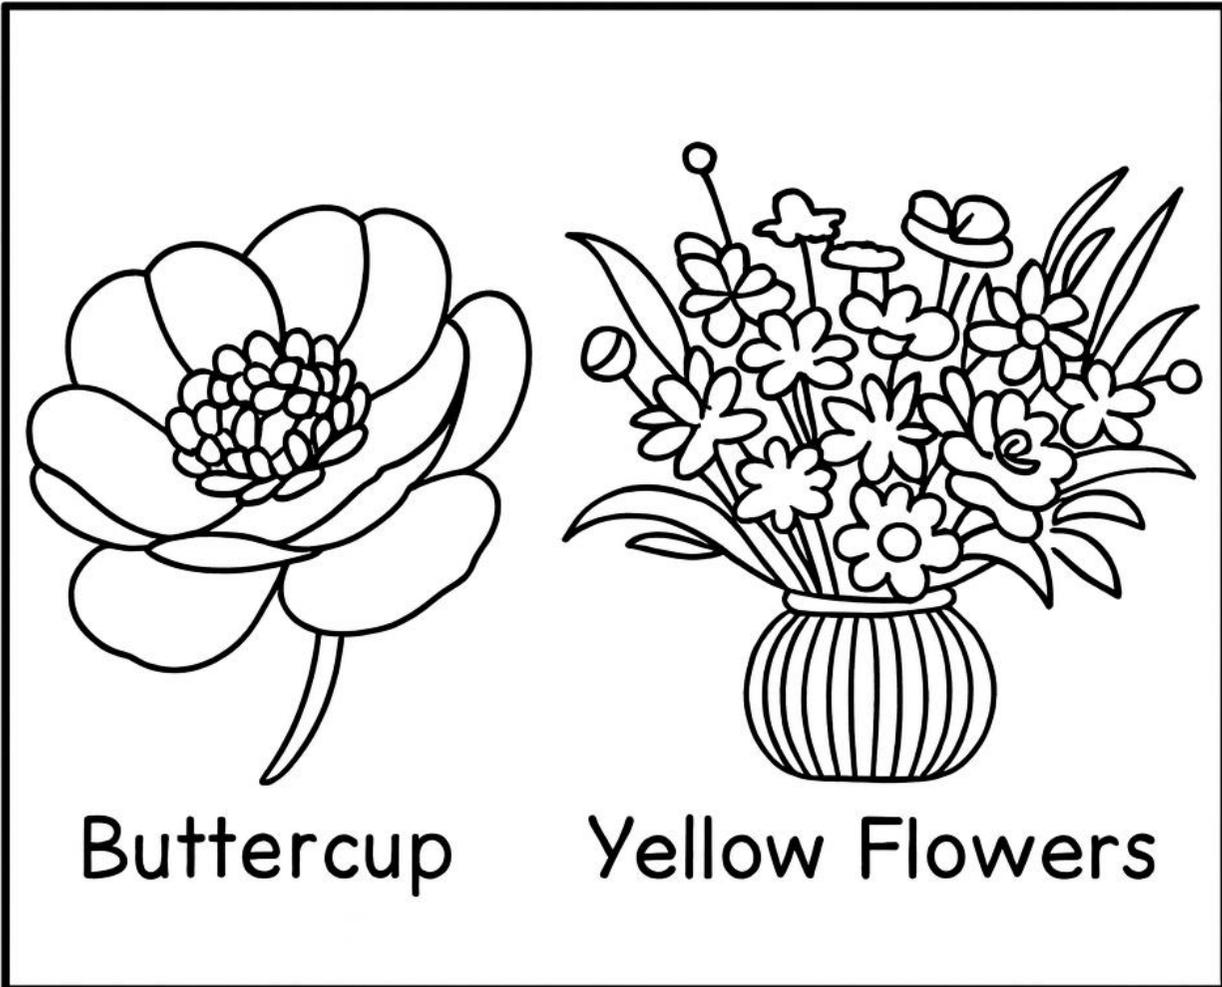

Trudy said, "Primp, the Red Dragon, would pretend as if we had already agreed that something was true when we had not. Turning red can mean more than just embarrassment. We should not let anyone convince us to jump to conclusions."

## YELLOW BANANA LIE

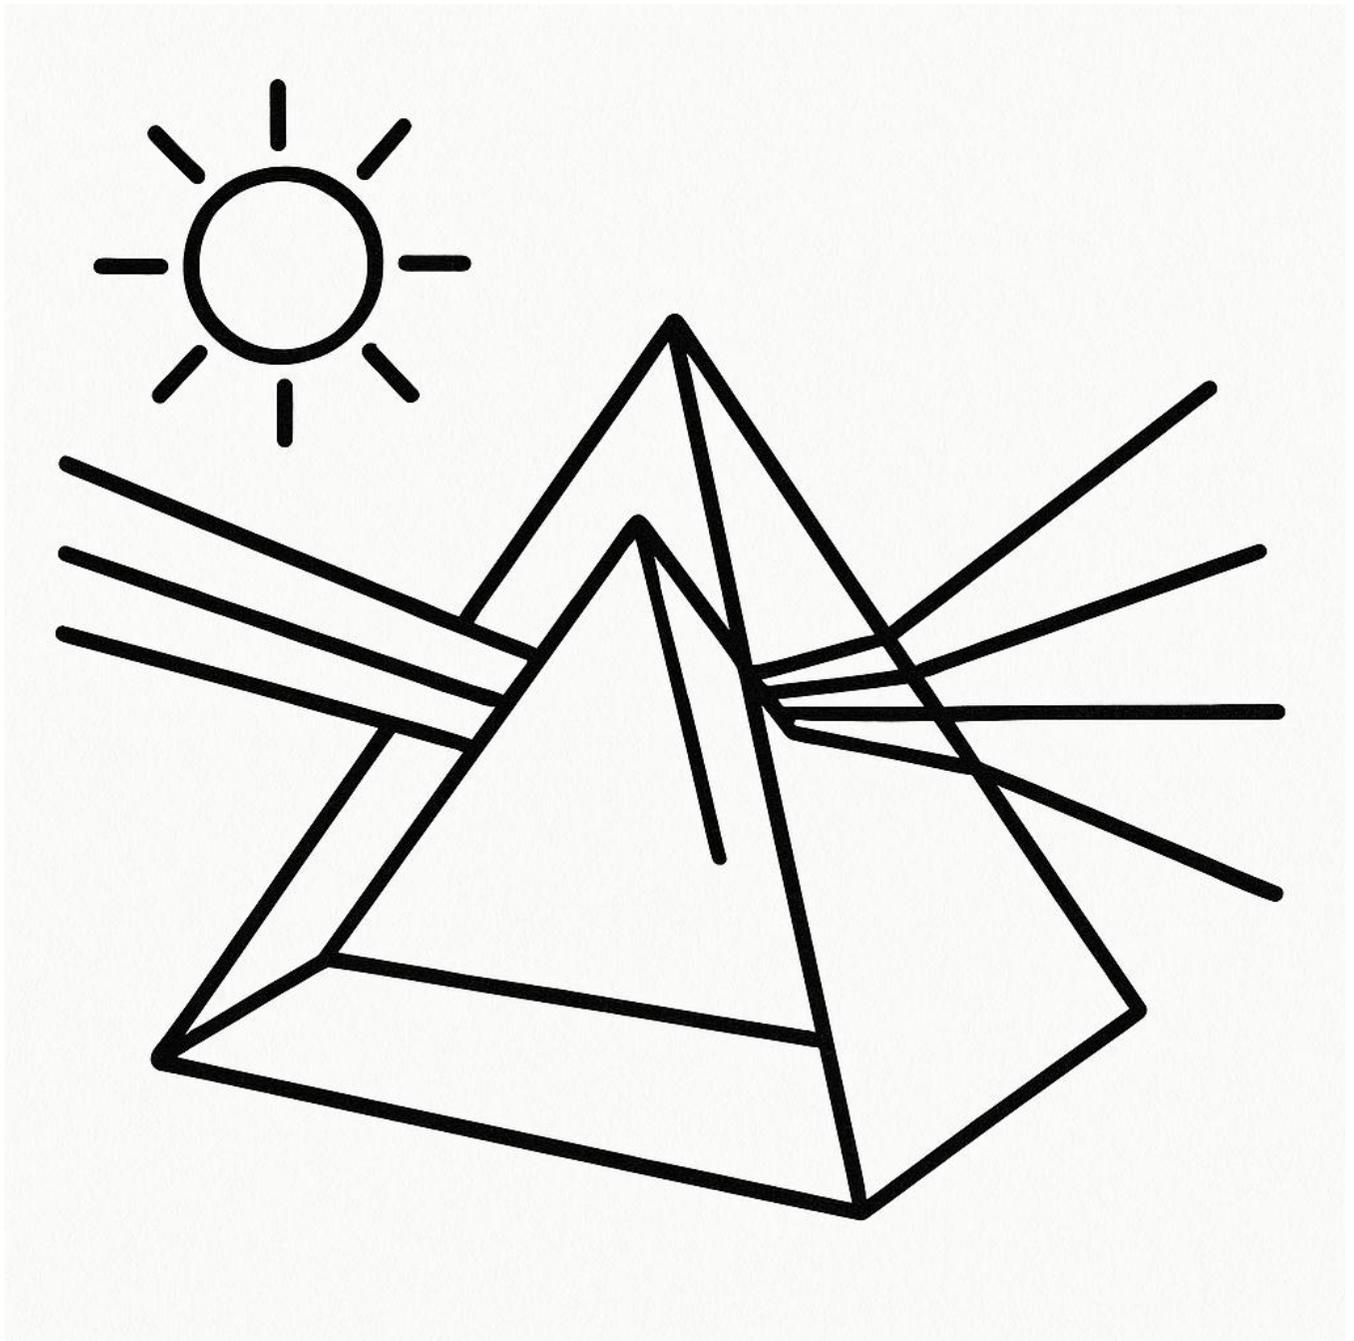

Just because you slip and fall  
doesn't mean you will certainly die.

# Yellow Buttercup Lie

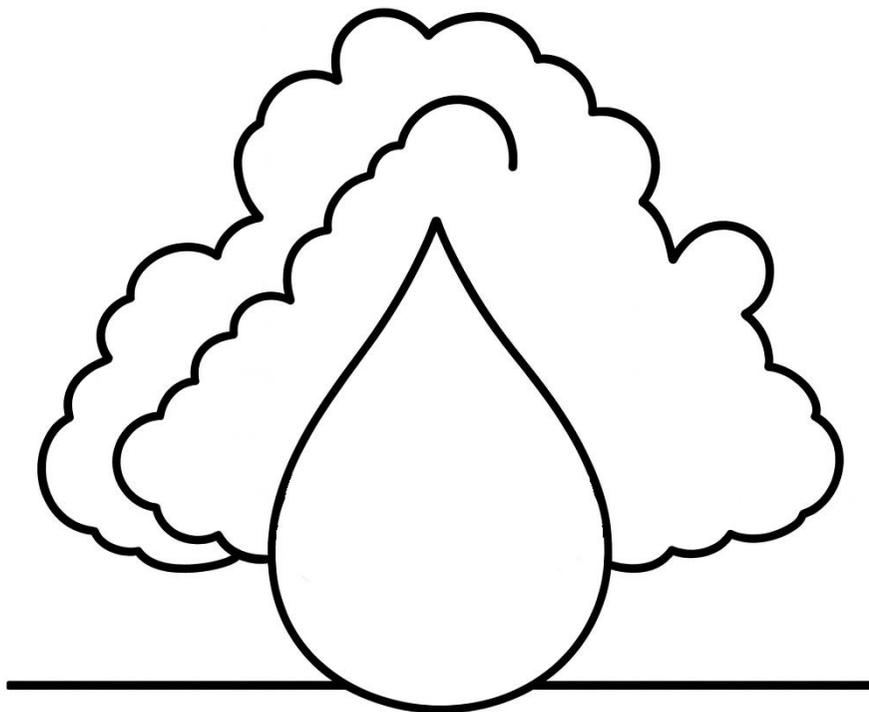

Just because a flower is yellow doesn't mean it is a buttercup.

## WHITE LIGHT LIE

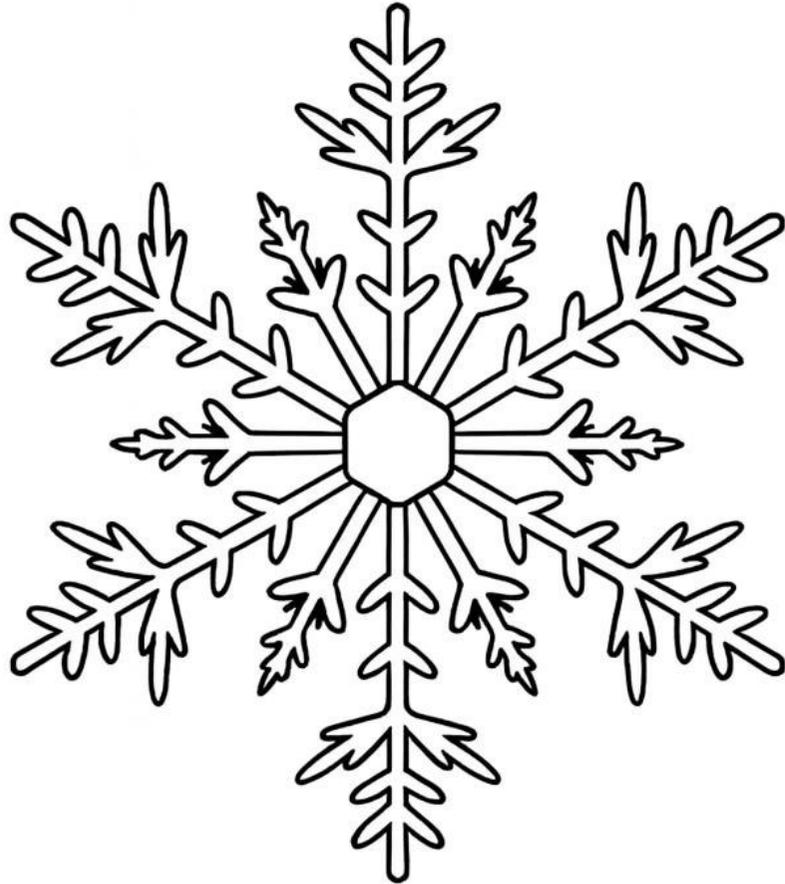

Just because you can't say exactly where one color ends and another starts doesn't mean they are not different colors.

## White Cloud Lie

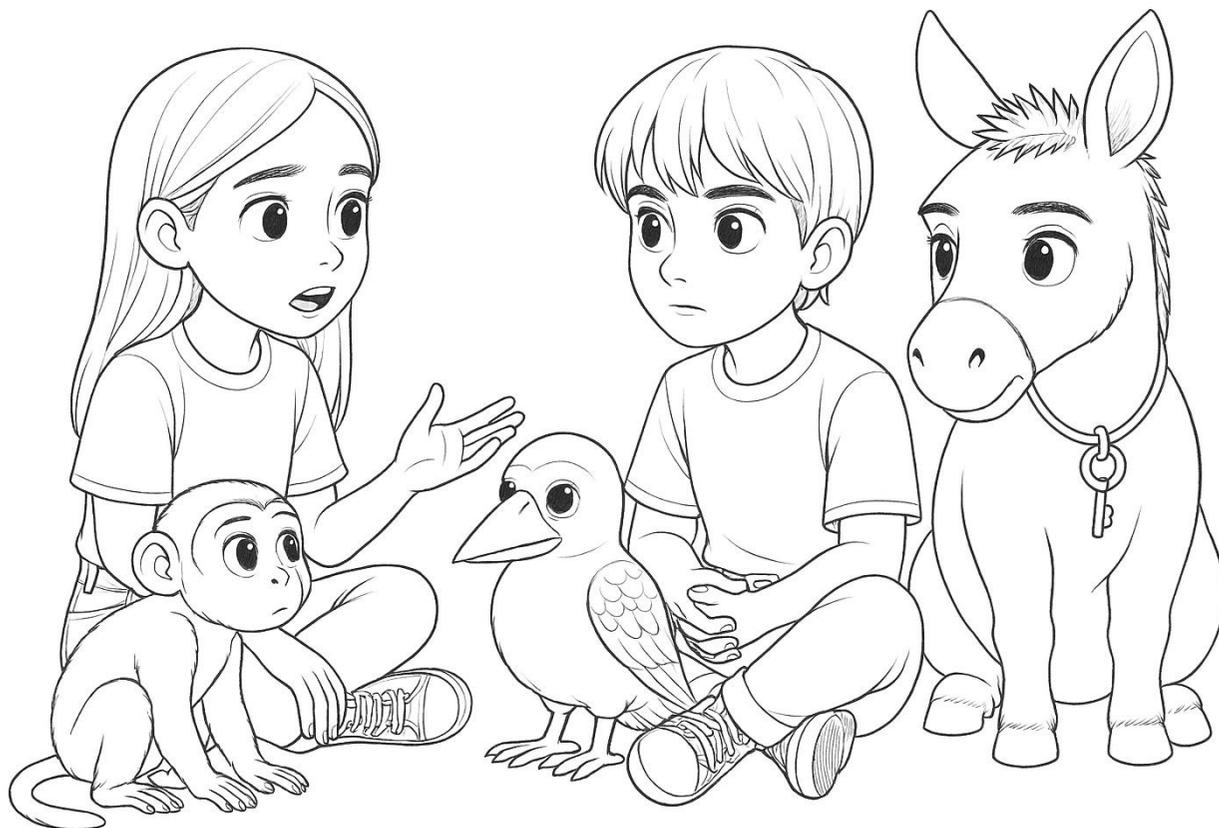

A cloud is made of water droplets but they remain two different things.

## White Snowflake Lie

**Snow looks all the same but snowflakes are each unique.**

## Chapter 2 - Ebony

They made a game of it. They remembered the lies they had heard and then tried to fit them into their list.

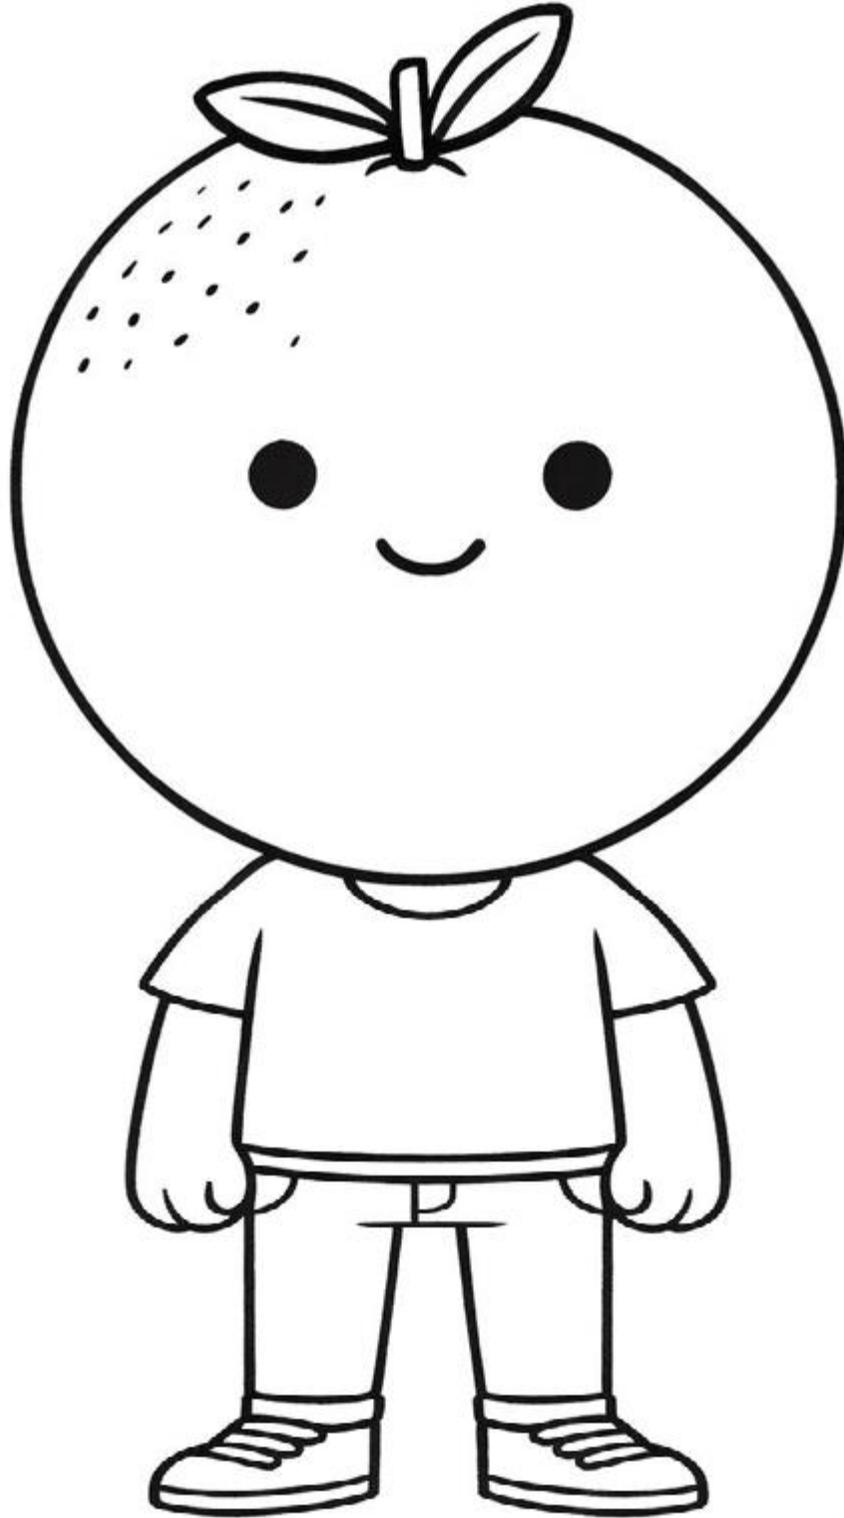

Jay said, "I had a pair of socks that I used to wear to all my baseball games, because I thought they caused us to win. I called them my 'lucky socks'. It was silly."

WHITE

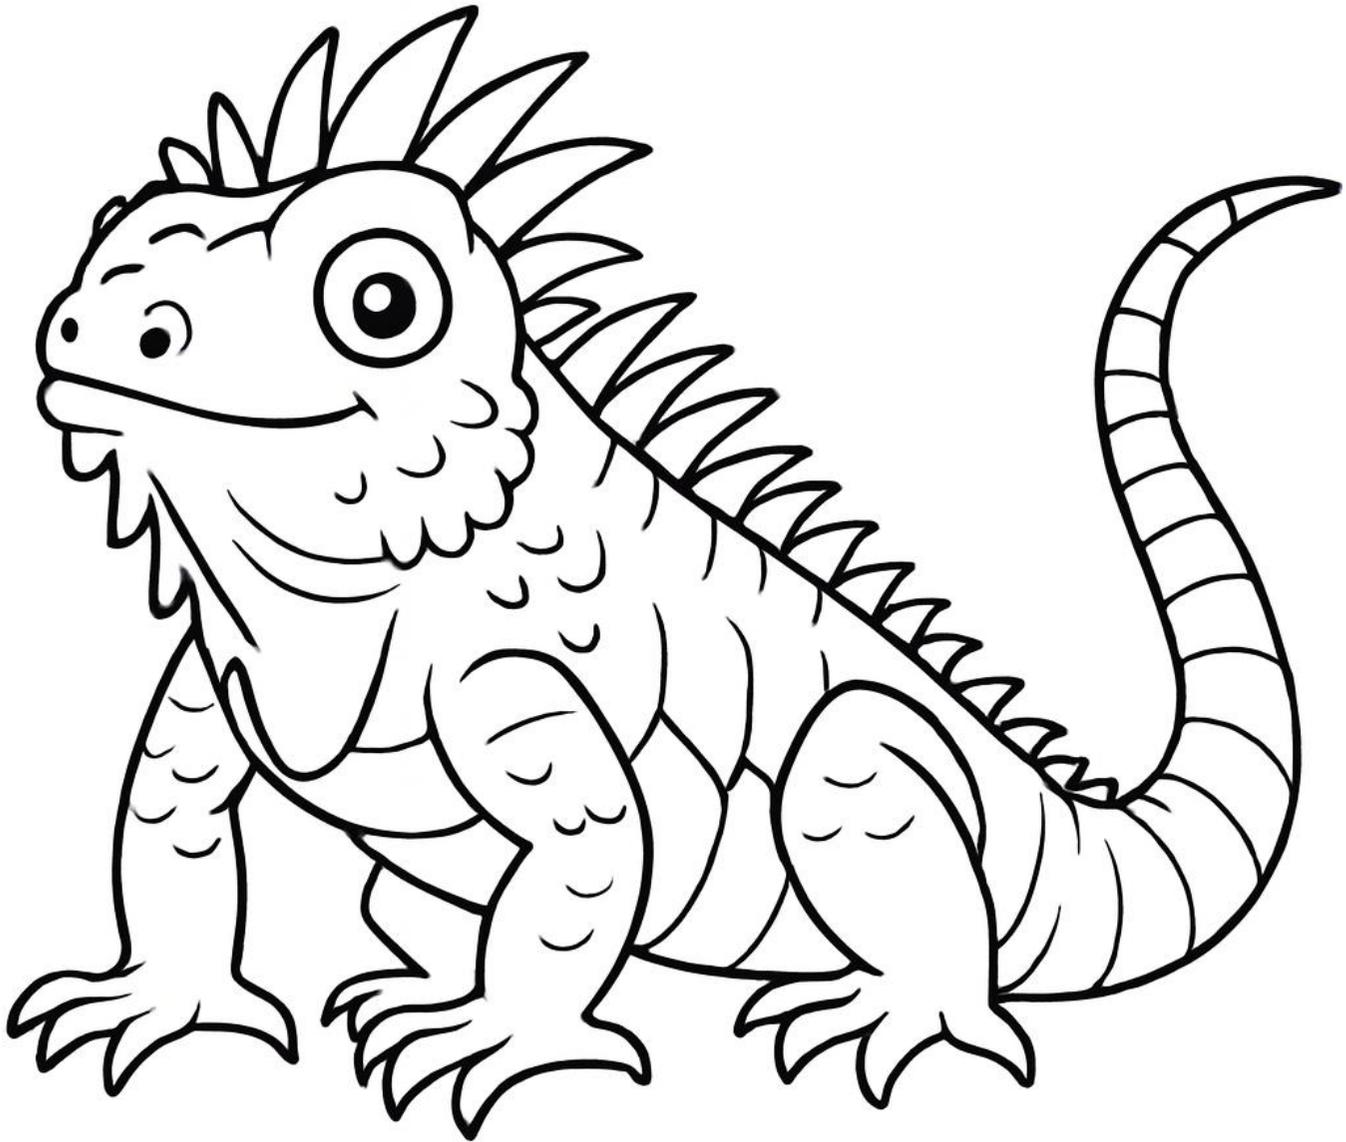

---

BLACK

A Black dragon lie has no trick or argument to it, except for taking advantage of the other person not knowing for sure. Like teaching people who do not know English that "black" means "white", and "white" means "black", and then laughing at them when they get it wrong.

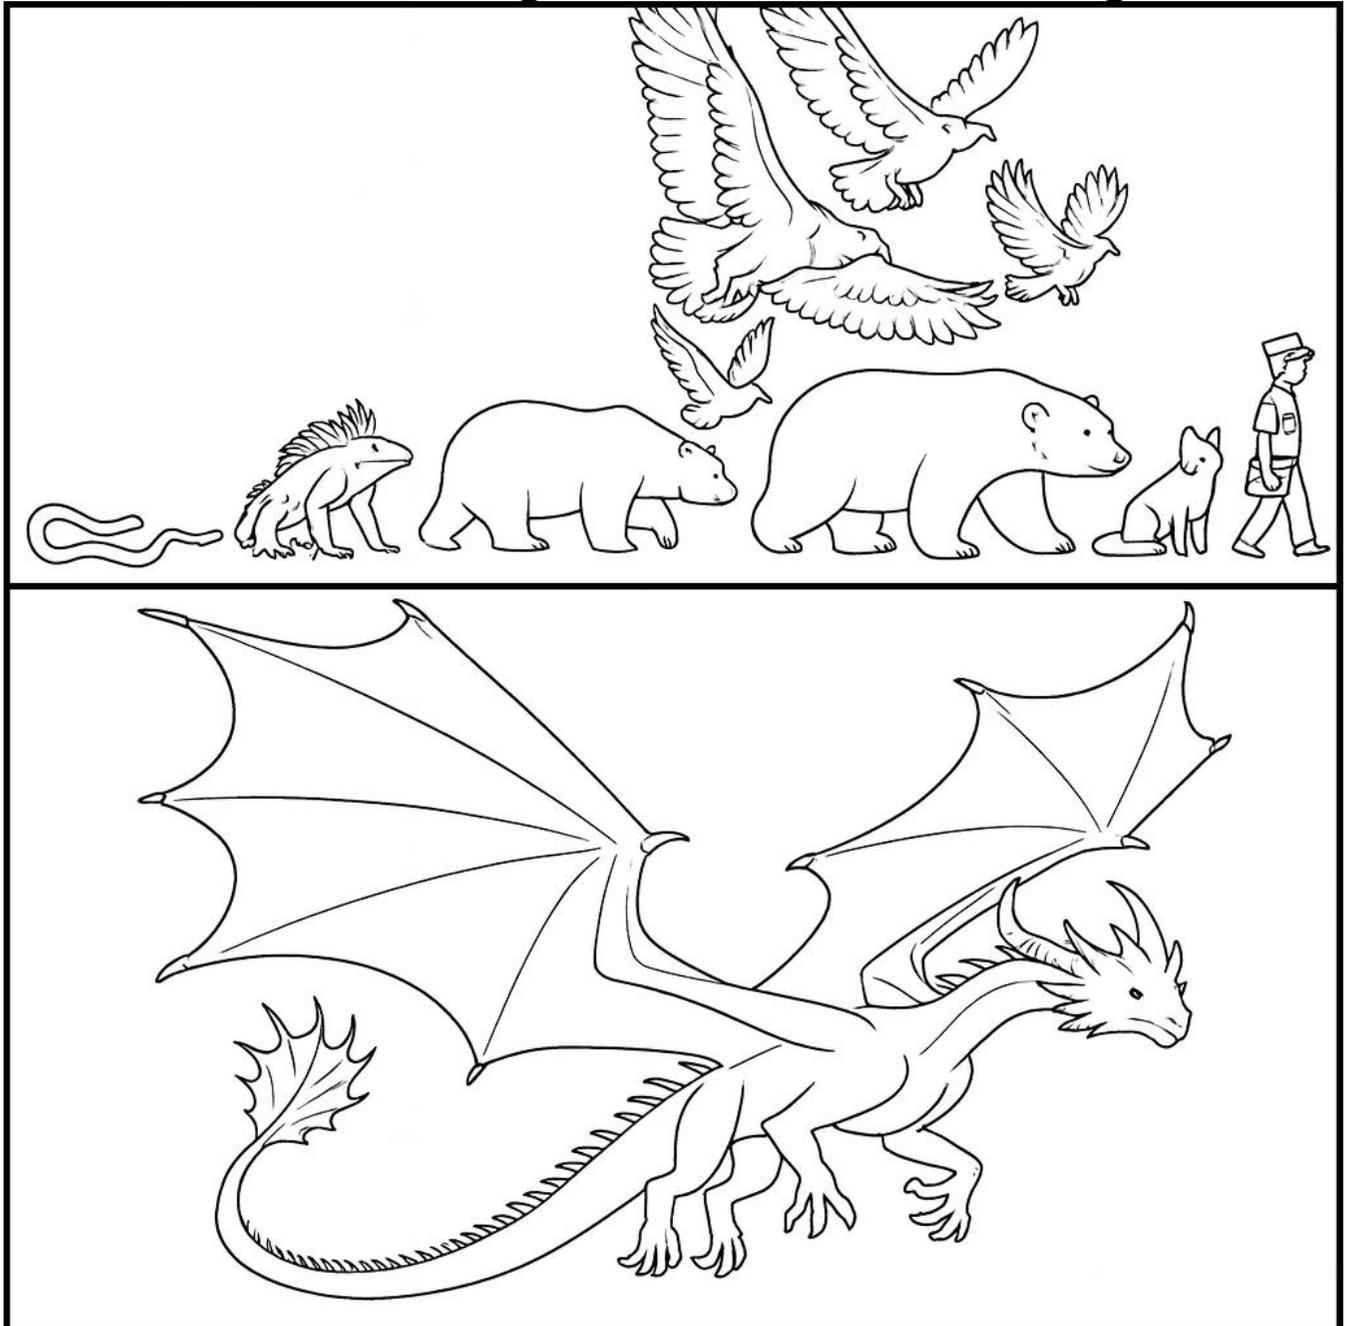

"All oranges are round, your head is round,  
so your head must be an orange."

When the lights came on, it was Fibber standing in the room with them, next to the closed door, looking bewildered.

Chapter 3 – It All Comes Together

Slippery, Fibber, Ivory, Ebony, the black wolf, and Lucas Light all in a row with Rook, the black gull, Low Dead, and Bogus D. Lemon fluttering above.

### Chapter 3 – It All Comes Together

Trudy drew back from fear, but mostly because the dragon stank worse close up.

Perf lifted her front foot and looked at it in a puzzled way. She picked it up and put it down several times. It seemed to be sticking to the floor.

### Chapter 3 – It All Comes Together

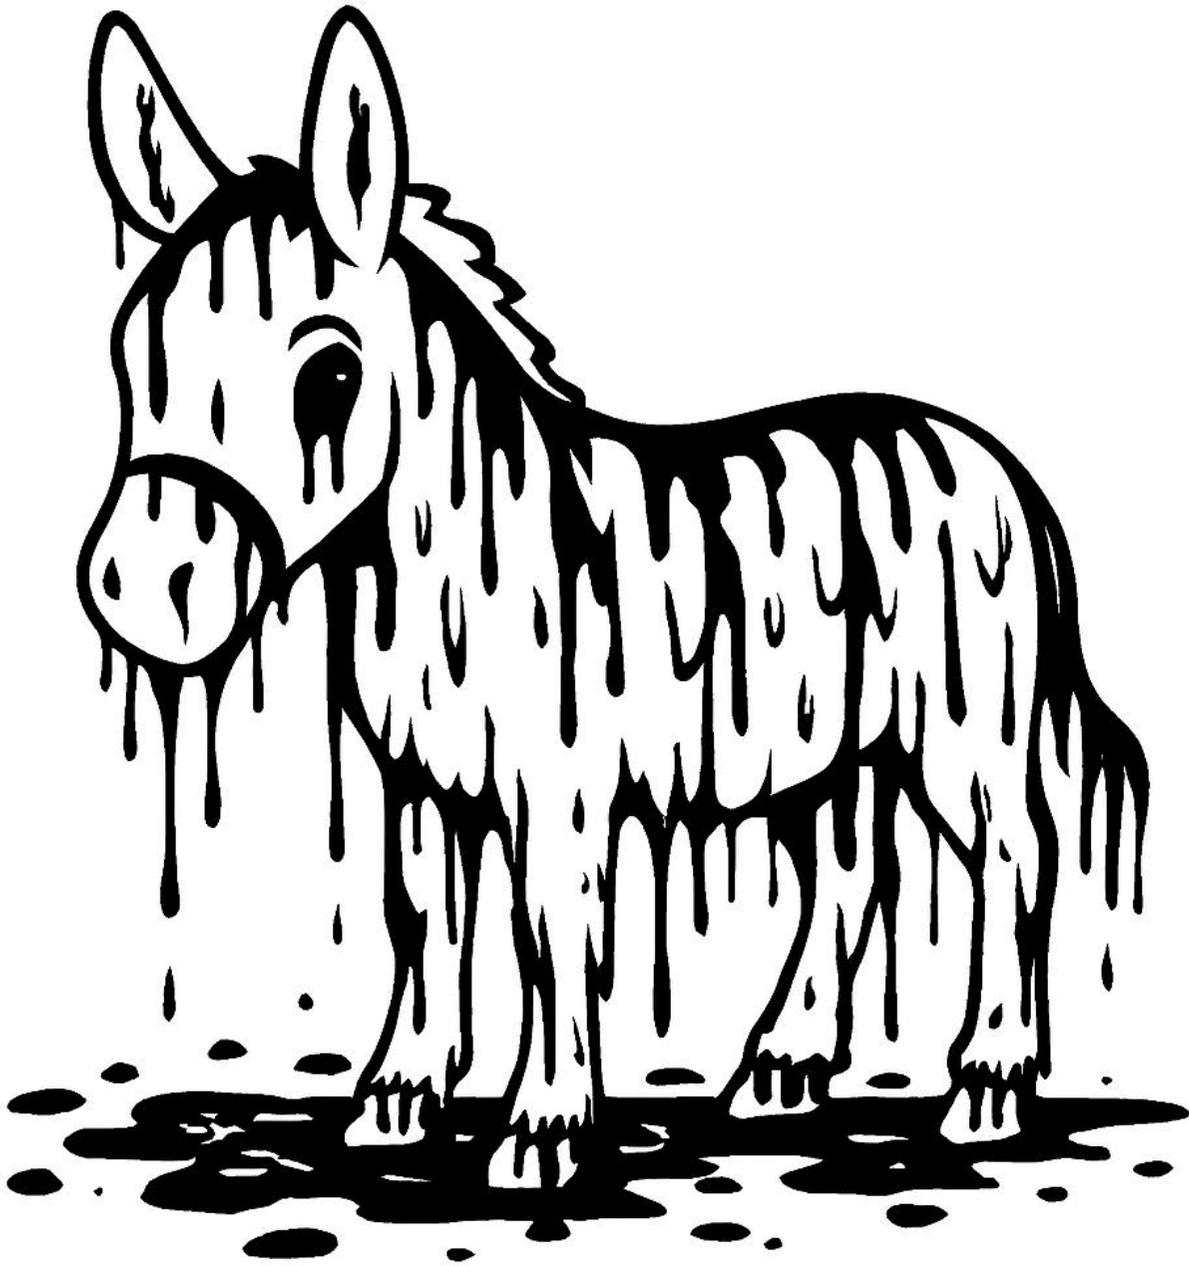

Perf lay down as if she were tired.

The Black Dragon became warm sticky tar, which slowly flowed over the whole room until it was about an inch deep.

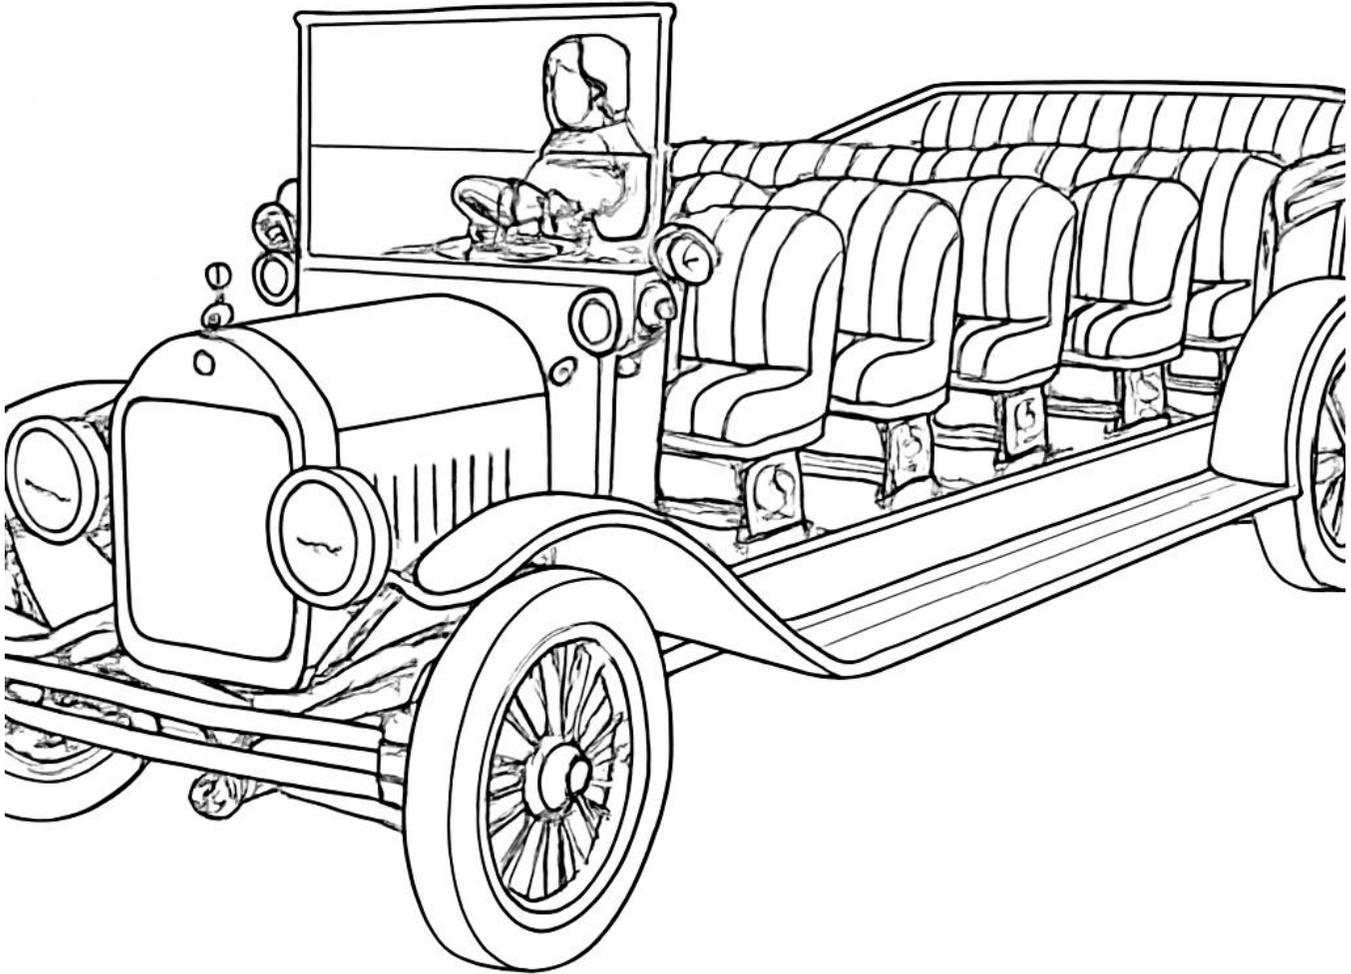

Chapter 4 – A Sticky Situation

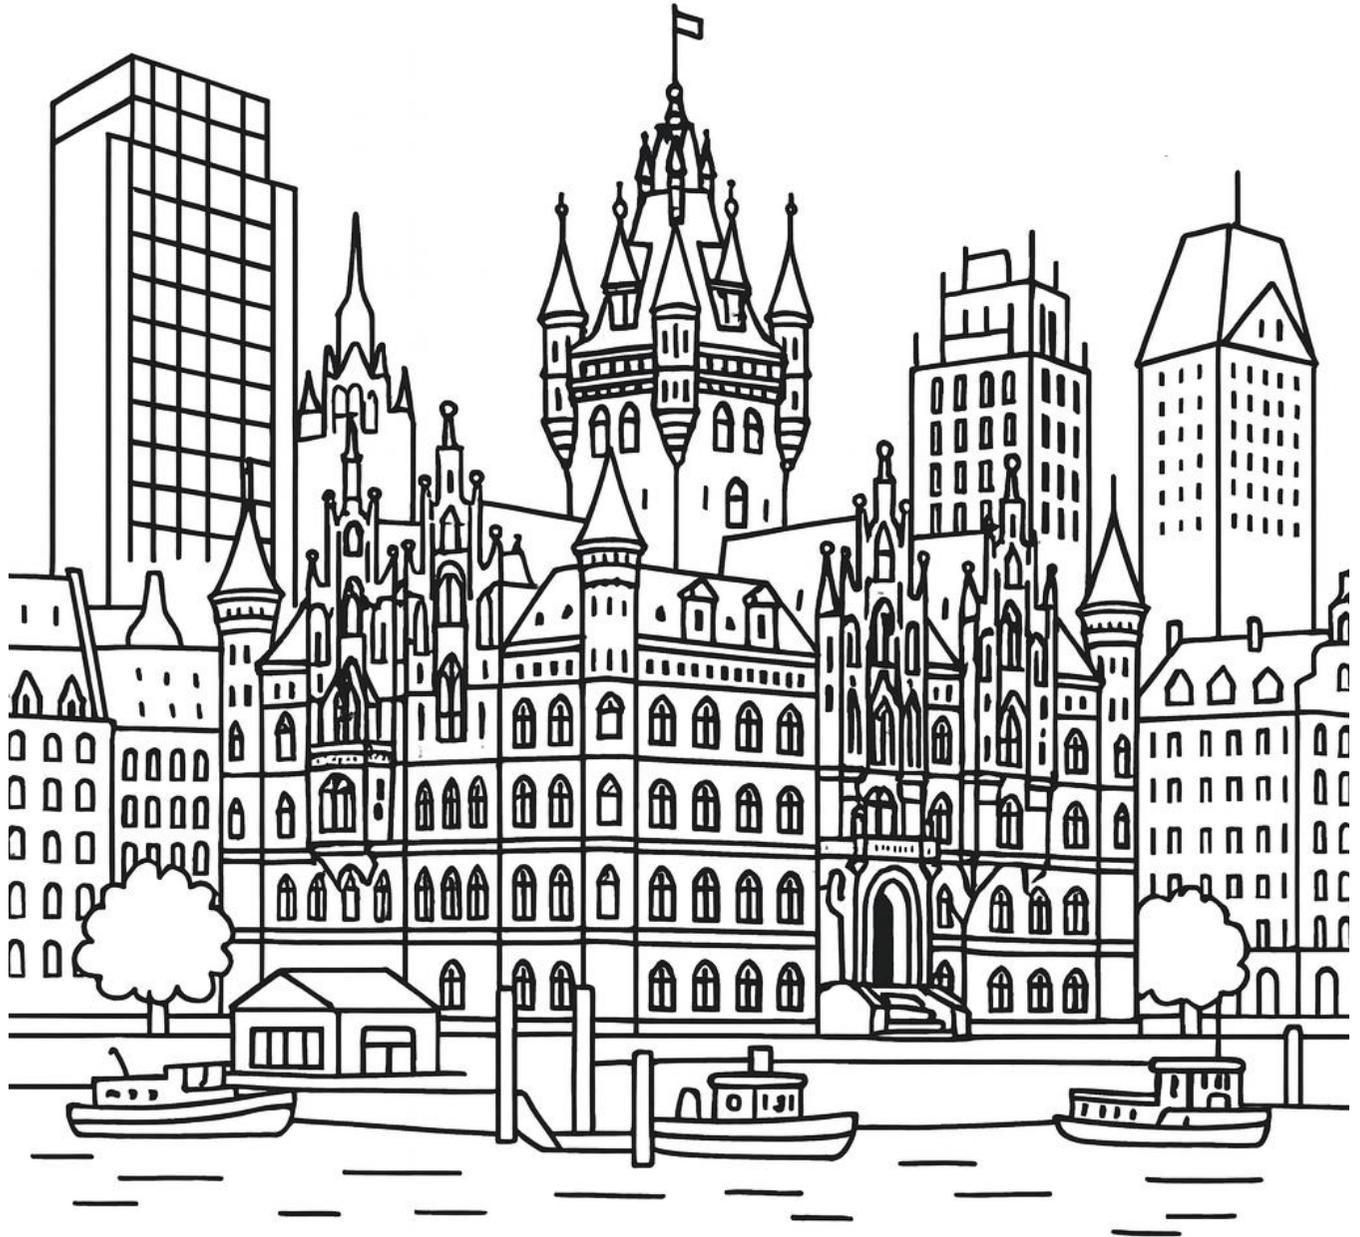

Lug said, "Call for help."

They all went to a nearby barber and beauty shop, where they spent over an hour getting the tar cleaned off them. It was a painful process. The worst part was their hair and feathers. By the time that was finished, they were sore, thirsty, hungry, and tired.

They followed the Governor outside, where they found a long, open car with seating enough for twelve people waiting for them. It was like a small bus with no roof.

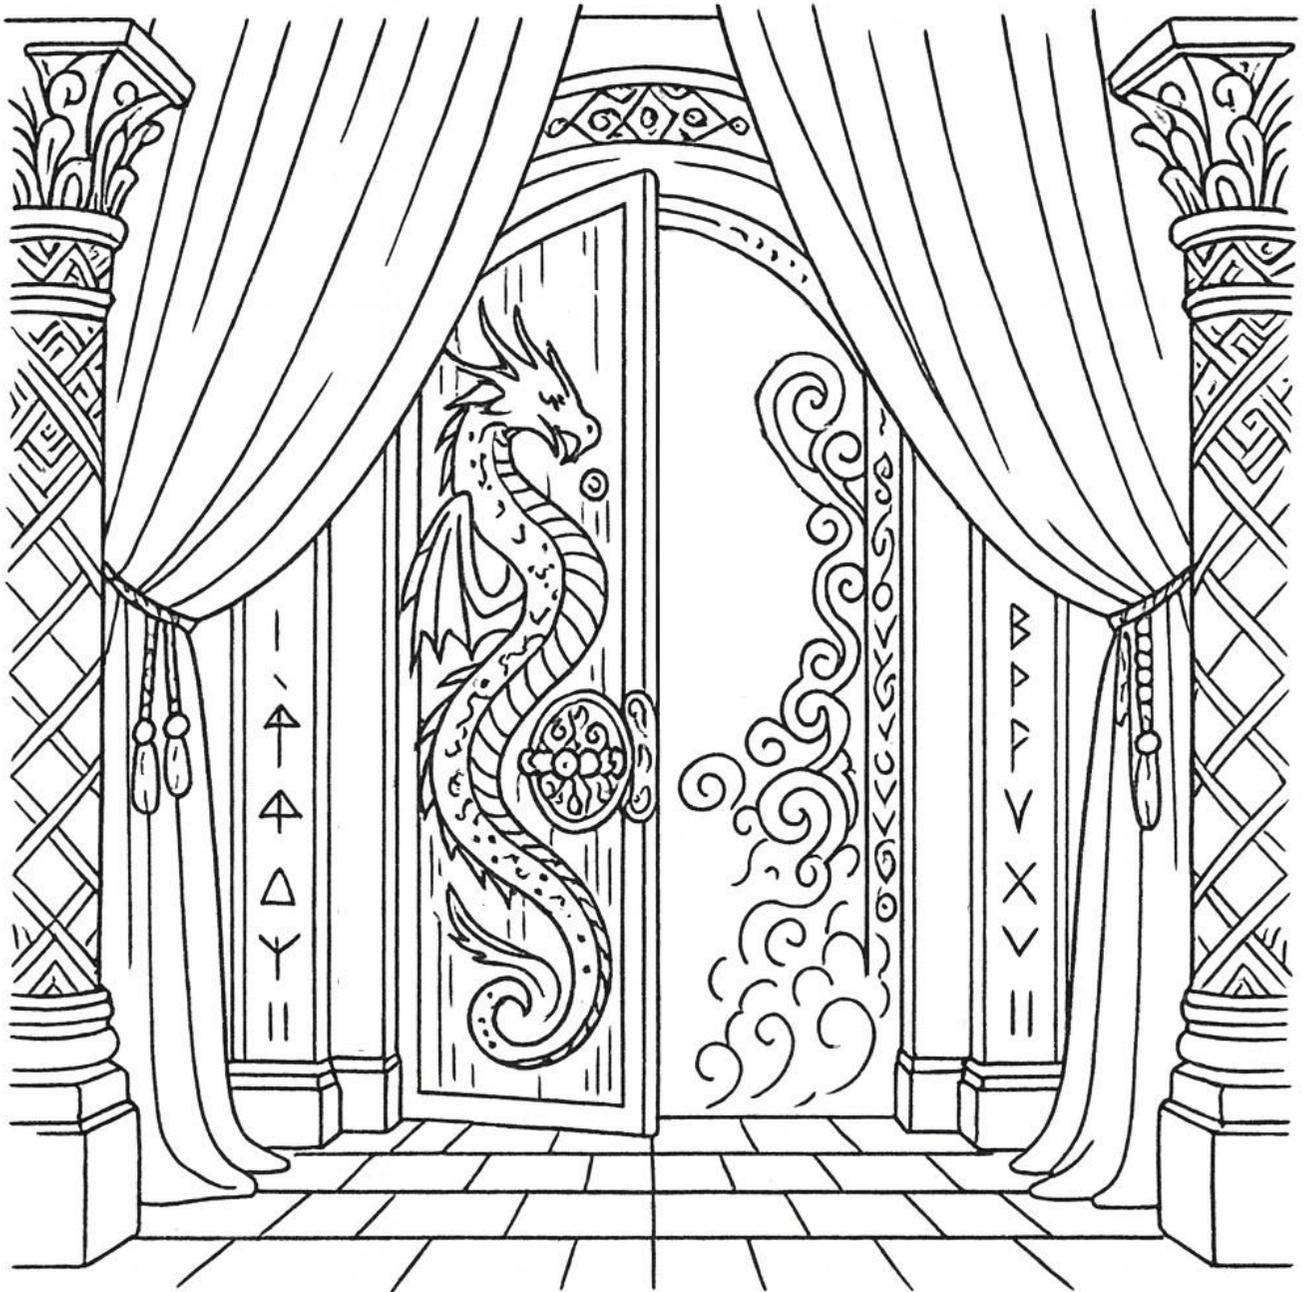

They saw a castle next to the harbor in the downtown area. Taller buildings surrounded it on every side except the harbor side. It had a large dragon-sized door on the front of it.

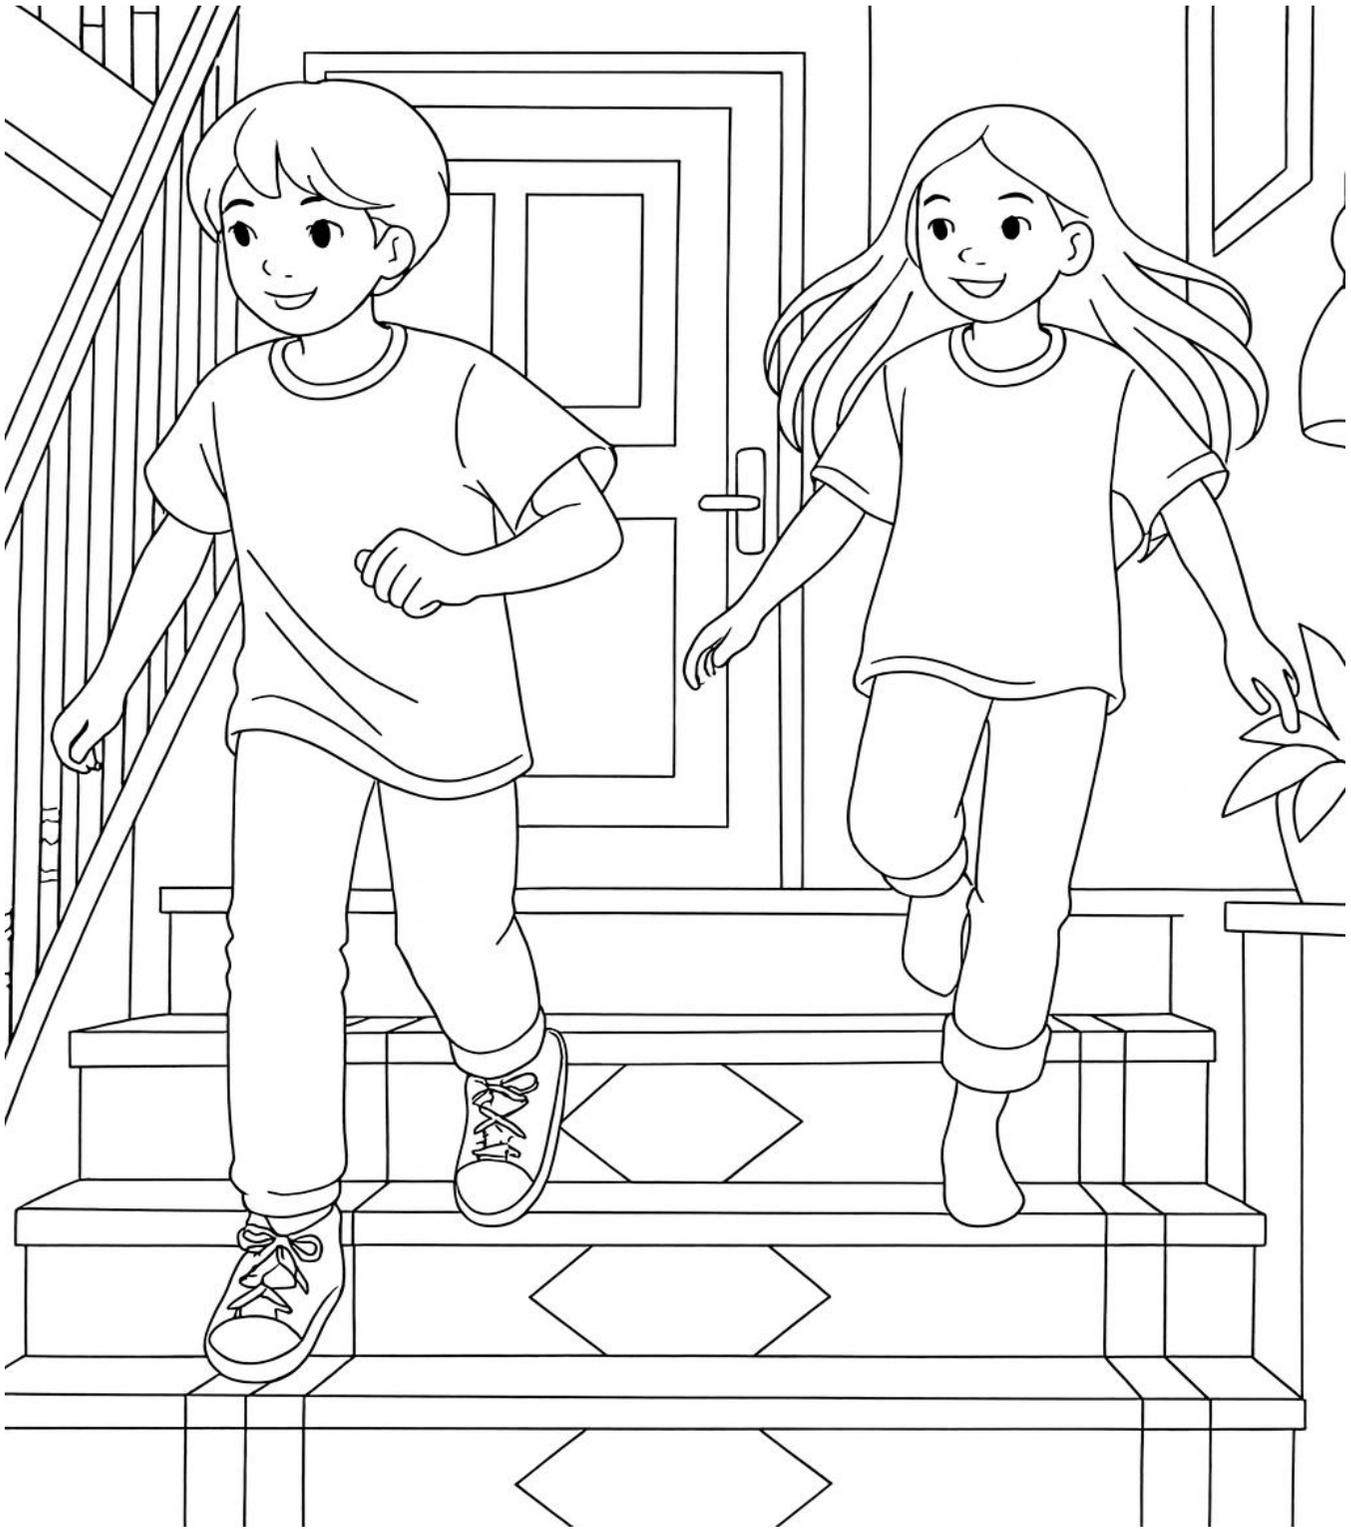

## Chapter 4 – A Sticky Situation

The dragon slayers entered the castle and ran around searching for Perf's "Door of Doom."

Soon enough, they found the door, on the second floor, behind a floor-to-ceiling curtain covering one end of a hallway.

They ran out the door, through the hall, and down the stairs, calling, "Mom! Dad!"
